

# ISIA Ski Instructor World Championships 2017

## Welcome to Samnaun

Welcome to the ISIA Ski Instructors World Championships in Samnaun from April 26–30, 2017! As a ski world champion and as head of a ski school, I take a special pleasure in welcoming the delegates and the athletes from the ski schools from all over the world to Switzerland and to the holding of their world championships.

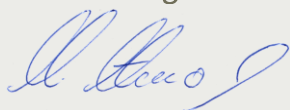

The different ski instructor world champions will be chosen within these 5 days in Samnaun. There will be workshops for the delegates of the international ski schools where they can exchange ideas on technique and education. At the delegate's assembly, elections will be held. The ISIA president and the board of directors will be appointed. This new committee will be responsible for the orientation of the organisation within the future. On Saturday, the Top of the Mountain Winter Closing Concert with international stars will take place where you will be hopefully able to attend.

The destination Samnaun is proud that at a poll on snowplaza.de, more than 52'000 participants voted for the ski area as best ski resort within the Alps and according to a study from the school of tourism in Siders, Switzerland's most content guests reside in Samnaun. We promise a very good organization, perfectly prepared competition sites and hosts which will let you feel a hospitality which is influenced by the border triangle.

Samnaun's duty free status since 1892 is due to the remoteness of the mountain village. Within Europe's highest shopping mile, more than 50 duty free shops are at your disposal where you can buy products from the different industry sectors of watches and jewellery, perfume and cosmetics, sport and fashion in a very special and luxury atmosphere.

Within the next weeks, the organizing committee together with its partners – the ski club, ski schools, community office and the cable cars – will make every effort to prepare unforgettable world championships for you. We are looking forward to welcoming and indulging you, dear delegates, ski instructors, guests and winter fans in Samnaun in April 2017.
