## **5.4 Auswertung Results Résultats**

Der Fragebogen wurde in allen drei Sprachen an alle Mitglieder der ISIA (35 Länder) verschickt. Aus 27 Ländern haben wir den Fragebogen zurückerhalten, im Fürstentum Lichtenstein wird die Ausbildung umstrukturiert, deshalb wurde der Fragebogen nicht ausgefüllt und zurückgesandt. Aus Chile, Israel, Norwegen, Polen, Russland, Slovenien und den USA haben wir leider keine Rückmeldung erhalten.

<b>requests/ suggestions</b>	1) As I have printed out in many opportunities, the contents and the duration of the formation courses are of relative significance, if there are not standards for approval when passing the exams. A ski or snowboard instructor Minimum Standard can not be judged by the information he or she receives but by the FORMATION ACQUIRED. Than can only be chequed during EXAMS. I have suggested the ISIA DT, as in FIS races, to garantie standards of Exams. 2) I like to have information on regular bases, of TC work on Technique and Methodolgy to improve the Profesional Ski Instructors ability to deliver service to the paying client, because it seems that the trend is to amuse instead of teaching, and, believe me, people pay a lot more having fun while learning than just having fun.

This is the first year we've been organising courses for snowboard instructors, and we've done it with the assistance of lecturers and examiners from Slovenia. We plan to prolong the course, and make it better, and for that matter we are looking forward to any suggestion you might have.	13
<b>educator</b>	Our organisation (executive committee) elects an expert from the Faculty of Sports (that was the case on our previous courses, las held in March 2004), who prepares the whole outline of seminar (timetable, topics, lecturers...), and than our genaral assembly makes it official by voting for such a program.

<b>Bedürfnisse/Anregungen</b>	Ich denke, dass alle Länder, welche jetzt im Mai zur EU kommen, legislative Probleme haben. In allen Ländern gibt es kein Skischulgesetz, es gibt kaum normale Bedingungen für Skilehrer, für die Skischulleiter... Das Skifahren und Skifahrenlehren war immer nur von den Sportverbänden organisiert. Ich denke, wir brauchen mehr Unterstützung im Rahmen von Fachvorlesungen, Teilnahme an den Konsultationen mit unseren Staatsorganen.
