§ 1 Funds

ISIA obtains its funds from the subscriptions of affiliated associations, from donations and from cooperation subscriptions.

§ 2 Subscriptions

Every member is to pay, without specifically being asked to, an annual subscription for each and every ski and snow sports instructor who is qualified in accordance with the **ISIA** minimum standard to carry the **ISIA** stamp or card. The amount of the subscription is determined by the Assembly of Delegates, and is currently:

- up to 500 ski instructors, a basic amount of CHF 750, above that CHF 1.50 for each additional instructor.

The due date for payment of the subscription is 1st October for the following business year. Subscriptions must be transferred to the **ISIA** account.

§ 3 Duties

The level of subscription will be kept at an amount that enables the **ISIA** to carry out its administrative duties and fulfil the aims decided by the Assembly of Delegates.

The **ISIA** is only liable for its funds. The member associations will not be required to compensate for any debts.

Any national associations of ski instructors that delay paying their subscriptions will not receive the stamps until the arrears and outstanding subscriptions have been paid.

§ 4 Subscription Obligation/Exclusion

If a member association does not pay its subscription it shall lose its voting right until the arrears have been cleared. In the event of a two-year delay in paying the subscription, the Assembly of Delegates may exclude a member who is in arrears.
